2007 New Jersey Pesticide Applicator Certification Exam Schedule

Just posted online- a [printable flyer](#) for the '2007 Basic Pesticide Training Courses'; www.pestmanagement.rutgers.edu/PAT/2007DEPexamschedule.pdf. This flyer includes both the **dates**, as well as the **locations** of the **pesticide applicator certification exams** for 2007.

Background:

New Jersey State Pesticide Applicator Certification exams are administered by the New Jersey Department of Environmental Protection Pesticide Control Program (NJDEP PCP). The exams are scheduled monthly in each of six host counties (Bergen, Burlington, Cumberland, Mercer, Morris, and Union).

Individual exams are based upon content contained in the corresponding New Jersey Certified Pesticide Applicator Core, Dealer, or Commercial Category manuals, available from your County Cooperative Extension office. See the certification & licensing webpage for a detailed listing of the types of pesticide applicator certifications that are issued in New Jersey upon successful passing of the applicable certification exam(s).

Private; Dealer; and Commercial Core and Category 3A, 3B, 3C, and 7A exams are closed-book exams. All other Category exams are open-book and are time limited; you must bring your own manual with you to take the exam.
