*Also contains minimum requirements for Private Applicator Record*

**New Jersey Pesticide Control Regulations**

**7:30-12.6 Providing specific information about applications** [www.nj.gov/dep/enforcement/pcp/regulations/Subchapter%2012%20Changes%20in%20Red%202020.pdf](http://www.nj.gov/dep/enforcement/pcp/regulations/Subchapter%2012%20Changes%20in%20Red%202020.pdf)

- (a) When workers are on an agricultural establishment and, within the last 30 days, a pesticide covered by this subchapter has been applied on the establishment, or a restricted-entry interval has been in effect, the agricultural employer shall display, in accordance with this section, specific information about the pesticide.
- (b) The information shall be displayed in the location specified for the pesticide safety information in N.J.A.C. 7:30-12.9**(b) and shall be accessible and legible.**
- (c) If warning signs are posted for the treated area before an application, the specific application information for that application shall be posted at the same time or earlier.
1. The information shall be posted before the application takes place, if workers will be on the establishment during application. Otherwise, the information shall be posted at the beginning of any worker's first work period.
  2. The information displayed shall continue to be displayed for at least 30 days after the end of the restricted-entry interval; or if there is no restricted-entry interval, for at least 30 days after the end of the application; or, at least until workers are no longer on the establishment, whichever is earlier.
- (d) The information shall include:
1. The location and description of the treated area.
    - i. The **crop or site treated.**
    - ii. The **location of the application**, to be **shown on the map** required in 12.6(d)6 below;
  2. The **pesticide brand or trade name, EPA Registration Number, active ingredient(s)** of the pesticide, **and the pesticide safety data sheet;**
  3. The **time and date the pesticide application is starting and ending;**
  4. The **restricted-entry interval** for the pesticide and the **exact date and time for safe re-entry by workers and handlers;**
  5. The posted information, pursuant to (d)1, 2, 3 and 4 above shall have the following **column headings printed in English and in the native language(s) understood by farm workers employed by the farm:**
    - i. Crop;
    - ii. Name of Pesticide;
    - iii. Safe Reentry Time;
    - iv. Application date;
    - v. **Application start and finish time;** and
    - vi. Application Location.
  6. A **map of the farm** shall be posted at the same location as the written information designated in (d)1 above and shall be used to clearly designate the fields treated with pesticides;
  7. The Department will develop and make available an example format for proper posting of written information. This example will be made available through agriculture-related organizations including the New Jersey Department of Agriculture, Rutgers Cooperative Extension, and the New Jersey Farm Bureau and posted by the Department at <http://www.nj.gov/dep/enforcement/pcp/pcp-wps.htm>. **In lieu of the example format developed by the Department, a farm owner or lessee may use a different format if it conforms to the requirements of this subsection.**
- (e) Whenever pesticide safety information and pesticide application and hazard information are required to be displayed in accordance with this section, the **agricultural employer shall retain the pesticide application and hazard information required pursuant to (d) above on the agricultural establishment for three years after the date of expiration of the restricted-entry interval** applicable to the pesticide application conducted.
